

Camp Food Workers

Did you know that you need a Food Worker Card if you are handling food at a camp?

Visit the environmental Health Services website at:

http://www.sbcounty.gov//ehlus/Depts/EnvironmentalHealth/FIRST/camps_food_worker_class.aspx

Here you find **Food Worker Class for Camps**. After you view the class and successfully answer each review question, you will be allowed to print a certificate. This certificate should be posted for inspectors to review. The certificate is valid for up to 2 weeks.

When you enter the website, click on **Camp Food workers Class**. There will be a video which takes a few minutes to load. Review the video once or twice until you understand the concepts.

Then go back to the home page and click on **Camps Review Questions**. Take the test that comes up (25 questions – you can't fail) and print out your certificate at the end. Before printing you will be prompted to enter your name and a date – **PLEASE ENTER THE DATE AS JUNE 30, 2012 TO JULY 14, 2012** no matter what day you actually take the test. This way you are covered while at our camp.
